Table of contents

1 Download a Release.....	2
2 Download from Subversion.....	2

1 Download a Release

Source ("-src") and binary ("-bin") distributions can be downloaded from a [Apache™ XML Graphics Commons Distribution Mirror](#).

2 Download from Subversion

The latest source code is available directly from the Subversion repository:

Trunk	
Repository URL	http://svn.apache.org/repos/asf/xmlgraphics/commons/trunk/
Web view	http://svn.apache.org/viewvc/xmlgraphics/commons/trunk/

Note:

Committers need to replace "http" with "https" and then log in so they can gain write access!
